

Program

Wednesday 24 March 2010

1600–1830	Level 2 foyer	Conference registration opens
1730–1930	Exhibition Hall, Pavilion 1	WELCOME RECEPTION AND ART EXHIBITION

Thursday 25 March 2010

0630	Level 2 foyer	Registration opens
0645–0815	Meeting Rooms 1,2,3	SPECIAL INTEREST GROUP BREAKFAST The pressure's on— Mr Christopher Tod Brindle
0830	Auditorium	Opening address Chair: Dr Mark Fear
0900	Auditorium	PLENARY SESSION 1—Advances in wound research Chair: Assoc Prof Michael Woodward
	0900	How might research in flies, fish and mice models help us understand human wound healing?— Prof Paul Martin
	0930	Clinical relevance of advances in wound healing research— Prof Keith Harding
	1000	The challenges of ensuring research is clinically relevant— Prof Fiona Wood
	1030	AWMRF Scholarships
1045	Pavilion 1, Exhibition Hall	MORNING TEA, EXHIBITION AND POSTER VIEWING

Thursday 25 March 2010

1115–1230		CONCURRENT SESSIONS		
		1—Education A Auditorium Chair: Ms Jan Rice	2—Research translation Meeting Rooms 1,2,3 Chair: Ms Kerry May	3—Prevention Meeting Room 4 Chair: Prof Zee Upton
1115		Dr Pamela Houghton The development of an interdisciplinary Master of Clinical Science (Wound Healing) in a physiotherapy program	Dr Dabid Huber A comparison of peak pressures generated by surgical heel pressure ulcer devices	Ms Kathleen Finlayson Preventive activities and risk of recurrence of chronic venous leg ulcers: A prospective study
1130		Ms Donna Nair, Ms Marita Ticchi Building wound management in regional Victoria: the realities of bringing evidence-based education to regional clinicians	Ms Michelle Kaminiski The prevalence of risk factors for foot ulceration in patients with end-stage renal disease on haemodialysis	Ms Kerrie Coleman Effectiveness of pressure ulcer screening tools for preventing pressure ulcers: a randomised controlled trial
1145		Ms Adriana Tiziani Wound care education: lessons learnt, future directions and challenges	Ms Judith Barker Developing multidisciplinary evidence-based guidelines for the prevention and management of venous leg ulcers for the Australia health care context	Mr Darren Hammond Research versus ritual: interface pressure imaging and pressure measurement for clinical decision making
1200		Prof Keith Harding Do postgraduate programs in wound care make a difference?	Mr Pete Lazzarini Diabetic foot innovation project: can we decrease foot ulcer hospitalisation with ambulatory innovation and improvement?	Ms Suzanne Kapp Healing and preventing leg ulcers: an e-learning client education program called LUPP
1215		Dr Dirk Ubbink An overview of level-one evidence from Cochrane Systematic Reviews on systemic wound care	Ms Margi Moncrieff Improving the management of lower segment caesarean section wound complications	Dr Barbara Braden Risk assessment tools for paediatrics
1230	Pavilion 1, Exhibition Hall	LUNCH, EXHIBITION AND POSTER VIEWING		

Thursday 25 March 2010

1330–1445		CONCURRENT SESSIONS		
		4—Sociocultural Chair: Ms Carol Baines Meeting Room 4	5—Clinical practice A Chair: Ms Judith Barker Meeting Rooms 1,2,3	6—Advances in wound research A Chair: Dr Mark Fear Auditorium
1330		Prof Helen Edwards Impact of psychosocial factors on adherence to compression therapy for venous leg ulcers	Ms Pip Rutherford Journey into new frontiers: avoiding the potholes	Dr Kazuo Kishi Analysis of cutaneous regeneration in foetal mice by micro array
1345		Ms Dani Jordan The road less travelled: it's not all about the wound	Mr Paul Burrows Is there a doctor in the house? A coup for a community-based wound clinic	Ms Kate Desneves Effect of an arginine-containing supplement on the healing of pressure ulcers in community spinal patients
1400		Ms Amanda Mawson, Ms Bernadette Safe Interdisciplinary pressure care in a Ukraine orphanage	Prof Robin Watts Evidence: sustaining the journey	Ms Sandra Loerakker Role of ischaemia and ischaemia/reperfusion in the aetiology of pressure-related deep tissue injury
1415		Assoc Prof James Middleton Psychosocial influences on the development of sitting acquired pressure ulcers in persons with spinal cord injury	Mr David Lyle Skin tears documentation: utilising the STAR classification in an electronic clinical incident management system within aged care	Ms Janice Edwards Factors associated with venous changes after deep vein thrombosis
1430		Dr Jan Weststrate Creating a culturally safe national pressure ulcer survey in Aotearoa, New Zealand	Ms Nardine Johnson Wound management of necrotising fasciitis: a nursing perspective involving critical thinking techniques	Dr Hester Vermeulen Is iodine an old, inferior antiseptic agent? A systematic review
1445	Pavilion 1, Exhibition Hall	AFTERNOON TEA, EXHIBITION AND POSTER VIEWING		
1515–1700	Auditorium	PLENARY SESSION 2—Evidence-based therapy Chair: Prof Michael Stacey		
1515		Revisiting clinical treatments through a randomised controlled trial journey: compression therapy for venous leg ulcers— Prof Helen Edwards		
1545		Adjunctive therapies to promote the healing of chronic wounds— Dr Pamela Houghton		
1615		The evidence for topical negative pressure therapy— Dr Subhas Gupta		
1645		AWMA Fellow Award		
1700–1830	Auditorium	AWMA AGM		

Friday 26 March 2010

0630	Level 2 foyer	Registration opens		
0645–0815	Meeting Rooms 1,2,3	Special interest group breakfast		
		The great debate: foam versus gauze— Dr Subhas Gupta		
0900	Auditorium	PLENARY SESSION 3—Pressure ulcers Chair: Ms Jillian Swaine		
	0900	A new approach to an old problem of pressure ulcers— Assoc Prof Cees Oomens		
	0930	NPUAP: an update on classification, guidelines and the relationship to reimbursement— Dr Laura Edsberg		
	1000	Doing incidence studies the right way— Dr Barbara Braden		
	1030	Comfeel Literary Award and introduction of new committee		
1045	Pavilion 1, Exhibition Hall	MORNING TEA, EXHIBITION AND POSTER VIEWING		
1115–1230		CONCURRENT SESSIONS		
		7—Advances in wound research B Meeting Rooms 1,2,3 Chair: Ms Nelly Newall	8—Closing the gap? Meeting Room 4 Chair: Mr Damian Williams	9—Clinical practice B Auditorium Chair: Dr Dianne Smith
	1115	Assoc Prof Cees Oomens The importance of internal strain as opposed to interface pressure in the prevention of pressure ulcers	Ms Margaret Edmondson WoundsWest Advisory Service: improving access and equity in delivery of wound management in Western Australia	Ms Wendy White Assessing wound-related pain for what it is: a multidimensional lived experience
	1130	Ms Carolina Weller Elasticity effect on sub-bandage pressure and stiffness of tubular-form compression bandages: a randomised controlled trial	Ms Robyn Rayner A review of Indigenous health literacy	Assoc Prof Geoff Sussman Pharmacological treatment of difficult to heal wounds
	1145	Dr Thanuja Indika Athukoralalage Evaluation of different classes of compression stockings using high-frequency ultrasound measurement of oedema	Dr Jenny Prentice Scabies: transition of literature into action to close the gap in Indigenous children's health literacy	Ms Liz Howse Graduated compression: myth or reality?
	1200	Ms Janice Edwards Use of warfarin in patients with deep vein thrombosis	Ms Jennifer Byrnes Typical tropical territory trouble: complex wounds in the tropics	Ms Jan Wright To identify challenges of providing wound care in the residential setting
	1215	Dr Keisuke Okabe Age-dependent profiles of inflammatory cells recruited to the wounds of foetal mice	Ms Juliet Keaton Bridging the gap in Indigenous health literacy	Dr David Huber Changes in popliteal vein flow velocity with heel offloading: the efficacy of calf compressors
1230	Pavilion 1, Exhibition Hall	LUNCH, EXHIBITION AND POSTER VIEWING		

Friday 26 March 2010

1245–1315	Auditorium	APUAP guidelines workshop		
1330–1445		CONCURRENT SESSIONS		
		10—Prevention Chair: Ms Donna Angel	Meeting Rooms 1,2,3	11—Clinical practice C Chair: Assoc Prof Laurie Foley
		12—Advances in wound research C Chair: Ms Sue Hoskin	Meeting Room 4	
1330		Ms Suzanne Kapp Implementation of clinical practice guidelines for managing pressure risk: results of a pilot project		Ms Gaye Page-Burt Reporting skin tears: incidence and causes during acute hospitalisation
1345		Dr Dan Bader Do intelligent support surfaces maintain viability for a range of individual subjects?		Assoc Prof William McGuiness Product evaluation: developing a consistent approach
1400		Ms Jana Gazarek Reduction of peak plantar pressures in patients with peripheral neuropathy: an evaluation of the DH pressure-relief shoe		Ms Lynn Barnden Building evidence towards improved split skin donor site care: a prospective randomised controlled trial
1415		Mr Darren Hammond Is it all about pressure? Clinical decision making in determining the cause of pressure ulcers		Adjunct Assoc Prof Sunita McGowan Pressure ulcer incidence reporting: how useful in the information to busy clinicians?
1430		Ms Susannah Mulligan Preventable hospital-acquired pressure ulcer prevalence within Western Australia		Ms Nicola Frescos Prevalence of diabetes-related lower limb amputations
				Dr Joshua Jervis-Bardy The in vitro activity of Manuka (<i>Leptospermum Scoparium</i>) honey on <i>S. aureus</i> biofilms is time and dose dependent: potential implications for treatment of persistent mucosal infection following endoscopic sinus surgery
1445	Pavilion 1, Exhibition Hall	AFTERNOON TEA, EXHIBITION AND POSTER VIEWING		
1515	Auditorium	Wound Awareness Campaign Assoc Prof Michael Woodward Prof Keith Harding Prof Zee Upton		

Friday 26 March 2010

1545	Auditorium	DEBATE—Wound care is not based on evidence Moderator: Prof Michael Stacey										
		<table><tr><td>For</td><td>Against</td></tr><tr><td>Prof Keith Harding</td><td>Prof Helen Edwards</td></tr><tr><td>Assoc Prof James Middleton</td><td>Dr Subhas Gupta</td></tr><tr><td>Dr Laura Edsberg</td><td>Dr Pamela Houghton</td></tr><tr><td>Dr Barbara Braden</td><td>Dr Dan Bader</td></tr></table>	For	Against	Prof Keith Harding	Prof Helen Edwards	Assoc Prof James Middleton	Dr Subhas Gupta	Dr Laura Edsberg	Dr Pamela Houghton	Dr Barbara Braden	Dr Dan Bader
For	Against											
Prof Keith Harding	Prof Helen Edwards											
Assoc Prof James Middleton	Dr Subhas Gupta											
Dr Laura Edsberg	Dr Pamela Houghton											
Dr Barbara Braden	Dr Dan Bader											
1715		Close of day										
1900 for 1930	BelleVue Ballroom 1, Level 3	CONFERENCE DINNER Evening under the stars										

Saturday 27 March 2010

0630	Level 2 foyer	Registration opens
0645–0815	Meeting Rooms 1,2,3	Special interest group breakfast Latest clinical perspectives in negative wound therapy— Mr Newton Panicker and Dr Balraj Singhal
		
0900–1015		CONCURRENT SESSIONS
		13—Education B Meeting Room 4 Chair: Ms Sue Templeton 14—Advances in wound research D Auditorium Chair: Dr Hilary Wallace 15—Access and equity Meeting Rooms 1,2,3 Chair: Ms Jan Wright
0900		Dr Barbara Braden The effect of web-based Braden Scale training on the reliability and precision of the Braden Scale for predicting pressure sore risk Prof Zee Upton Positive clinical results with virtonectin: growth factor complexes for the treatment of chronic skin ulcers Ms Elizabeth Milner Tsunami 2009
0915		Dr Kerry Reid-Searl The use of simulation for education Ms Jan Rice A new approach to the pathophysiology of heel pressure damage Mr Damian Williams Skin tears: the journey to improve health care outcomes
0930		Ms Elizabeth Dyson Integrating the progressive model of health coaching into current wound management practice Ms Donna Angel Comparison of two semi-quantitative wound swabbing techniques Ms Liz Howse Death by pressure ulcer
0945		Mr Pete Lazzarini Diabetic foot innovation project: can we improve clinical practice with face-to-face or interactive online training? Ms Tabatha Rando Into new frontiers: challenging risk factors associated with skin tear development Ms Edel Murray A pilot model of care for privately insured patients with topical negative pressure in the community
1000		Assoc Prof Keryln Carville Skin tears: the scope of the problem in Western Australia Ms Kerry May Healing rates for diabetes-related foot wounds: what is 'normal'? Mr Paul Heland Evaluation of a new community nursing diabetic foot model of care and recommendations for change
1015	Pavilion 1, Exhibition Hall	MORNING TEA, EXHIBITION AND POSTER VIEWING
1045–1230	Auditorium	PLENARY SESSION 4—Research translation Chair: Ms Pam Morey and AWMA president
1045		Translating pressure ulcer research into clinical practice— Dr Laura Edsberg
1115		Providing services for spinal cord injury to rural areas— Assoc Prof James Middleton
1145		Dare to be different: taking the plunge to teach wound management using some novel strategies— Dr Kerry Reid-Searl
1215		AWMA Poster Award/Aaxis New Investigator Award Invitation to AWMA 2012 Sydney
1230		Conference close
1230	Kings Park	LUNCH—Picnic in the park, The Old Tea Pavilion, Fraser Avenue, Kings Park
